Sir:

In response to the Office Action mailed February 6, 2006, please amend the above-captioned application as set forth below, and reconsider this application in view of the following remarks.

AMENDMENT

(AMENDED) 10. A method for improving patient compliance with a medical program, the method comprising the steps:

- a) providing a portable medical device means providing a medical state sensing means, a medical state value recording means, and a medical device wave energy communicating means;
- b) recording the medical state each time the medical state sensing means is manipulated for sensing the medical state;
